Dear Parents,

Kino teachers and students take many fieldtrips throughout the year. Often times more students than expected want to go. At that time we may transport students in a car with a teacher or another parent that is not listed on the permission slip. **According To HB 2154, in a motor vehicle that is designed to carry 10 or fewer passengers, each passenger ages 5 years old and under 8 years old and who is no more than 4' 9" tall is to be restrained in a child restraint system. You will need to provide this system for your child if he/she is not riding in the school van.** When a private car is used, a copy of the driver's license and insurance card is kept on record. Please let us know if you would or would not like your child to be transported in a private car for a field trip.

I give my permission for my child to be transported to a field trip in a private car driven by a Kino teacher or parent if the need occurs. A child restraint seat may be required.

I want my child **only** to be transported in a Kino School van.
