Arizona taxable income	\$ 64,587
Computed tax liability	1,872
Credit 323 private school	-1,090
Credit 348 Plus for private school	- 782
Balance of tax:	- 0 -

KINO SCHOOL WORKS WITH THESE ORGANIZATIONS TO OBTAIN CRITIICALLY NEEDED SCHOLARSHIPS:

www.ibescholarships.org

www.apesf.org

www.arizonaleaders.org

www.arizonatuitionconnection.com

www.azscholarships.org

Parents apply to all of these agencies to receive scholarship support for their children. Scholarships support educational choice for 67% of Kino students.

Kino's Philosophy

The heart of the Kino Philosophy reflects these beliefs about human nature:

Kids are essentially good and rational, and if they are raised with respect and trust, in a caring environment that allows them the freedom and responsibility all people need, they will grow into fine adults.

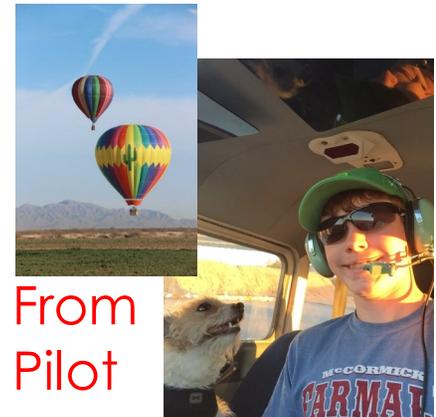

Kino has:

- ◆ A 6:1 student/teacher ration.
- ◆ Deep respect for individual ideas and the development and progress of each student.
- ◆ Thought-provoking academics, extensive fine arts, field trips, and outdoor learning opportunities.

Elise using Legos to learn multiples.

Kino School provides a K-12 progressive education that changes children's lives.

From Pilot Training...

Learning at Kino School is driven by the student's interests and personal goals.

An award winning balloonist and passionate aviator, Patrick received dual credit for the aviation courses required to qualify for his commercial pilot's license. He will graduate with an established career.

...To Trained Pilot

I'm Jon Norman, a 1998 graduate of Kino School. I would not be where I am today without Kino. As a Major in the AZ National Guard, I've logged over 3000 hours in multiple military high performance aircraft and have traveled the world. Kino allowed me to be a part of the learning process and explore in-depth the subjects I was most interested in, including electronics, web design, math, science and literature. This gave me the freedom to find a path and a goal that drove me to succeed. Once I became involved with the Wright Flight program and flew a Cessna, I knew what I wanted to do. None of this would have been possible without Kino School.

Kino School is eligible to receive Corporate and S-Corporate donations. Please ask for details.

Brennen is applying his love of ceramics to the study of anatomy.

Kino provides...

- ◆ An environment where students have the freedom and responsibility to develop their passion for learning.
- ◆ An educational environment where creativity, respect for others and community are valued.
- ◆ An enriched curriculum that emphasizes critical thinking, communication skills and creativity.
- ◆ A caring community where responsibility, compassion and respect are integrated into all aspects of learning.
- ◆ A school where students of all abilities can succeed.

Kino students can...

- ◆ Create art — pottery, painting, beading and photography.
- ◆ Join a rock band.
- ◆ Write a short story, a poem, an essay, song lyrics or a play.
- ◆ Read Dr. Seuss or Dostoyevsky.
- ◆ Help in a soup kitchen or with clean up at the Children's Memorial Park.
- ◆ Learn a new language.
- ◆ Work in the garden or greenhouse.
- ◆ Design a robot.
- ◆ Use a 3-D printer.
- ◆ Care for animals in the animal center.
- ◆ Study Sociology, Psychology, Physiology, Physics, Nutrition, Math, Literature, History or Cooking.
- ◆ Learn computer animation.
- ◆ Learn woodworking and welding in the Shop.
